There’s a RAINBOW OF COLOUR in the animal kingdom

Whether you’re exploring in the Museum of Zoology or your local green space, you’ll find colours everywhere.

Can you find these colours?

- Yellow scales
- An orange shell
- A green insect
- Blue in a feather
- A red furry tail
If you do both coloured routes, you will see the whole Museum. Unless otherwise requested, you can start upstairs or downstairs, and with blue or orange routes.

You can go around as many times as you like within your time slot.

Please keep to the one-way system throughout.
